

POWER YOUR DAY

The power to protect.
The power to detoxify.
The power to fortify.
That's the power of Setria® Glutathione.

As a powerful tripeptide, Setria® Glutathione provides the benefits of antioxidant protection, detoxification, and immune fortification.* While glutathione is naturally occurring in the human body, research has shown that exercise, normal aging and some chronic health conditions decrease glutathione reserves. Glutathione is at its lowest level in the morning and should be replenished daily through a healthy diet and supplementation.

Start your day with Setria® Glutathione, the Morning Antioxidant.

Setria®
The Power To Protect™
